Every two minutes, someone is diagnosed with leprosy. That's more than 200,000 new cases a year. Although it is curable, millions of people worldwide are living with the effects of the disease, from physical disability to mental health problems, poverty and discrimination. The Leprosy Mission supports individuals and their families throughout the world.

This is a global Christian organisation leading the fight against leprosy. Following Jesus Christ, they seek to bring about transformation; breaking the chains of leprosy and empowering people to attain healing, dignity and life in all its fullness.

Our morning service on June 15th will be led by Gabby North, who works for The Leprosy Mission.
